VALUE ADDED TAX

Nordic Game Resources AB is registered for VAT with registration number SE556385533701.

Regarding VAT one main rule is that a service such as exhibiting or otherwise marketing at or in conjunction with a conference is regarded as performed in the buyer's country, provided that the buyer is a foreign professional trading entity, as opposed to a private individual. (From Swedish Tax Agency's information brochure SKV 560 B ed. 4, Sep 2015, page 15, available at www.skatteverket.se)

Thus, no Swedish VAT is charged by us to foreign entities providing VAT, company registration, or similar ID number convincing us they are businesses, for exhibiting or otherwise marketing at the Nordic Game conference. However, an exception from the main rule (ibid, page 18) is that admission to educational or scientific events such as conferences and seminars as well as trade fairs and exhibitions is considered to be supplied in the country where the event takes place. Thus, Swedish VAT (currently 25%) is charged by us for all delegate passes for the Nordic Game conference, regardless of country of origin. This is like the VAT that you would be charged at Swedish hotels or restaurants. However, you may be entitled to a refund of the VAT we are obliged to charge you on the admission.

EU businesses must claim the VAT refund online, via the authorities in your home country, who will pass on the claim to the authorities in Sweden, providing you are eligible for a VAT refund. See http://europa.eu/youreurope/business/index_en.htm

Businesses not established within the EU VAT area should use form SKV 5801 to apply for refund of Swedish VAT. Download at <http://www.skatteverket.se/foretagorganisationer/sjalvservice/blanketterbroschyror/blanketter/info/5801.4.39f16f103821c58f680007004.html?q=SKV+5801>)
